

Special Needs Policy

At Bear Hugs Nursery we recognise

- Children with additional needs are admitted, like all other children, to the nursery after consultation between parents, nursery and external support services.
- Our aim is to provide for the developmental needs of each child in the group within the EYFS framework.
- All children in the group, irrespective of their special needs, are encouraged wherever possible and appropriate to participate in all the group's activities.
- Our system of observation and record keeping enables us to monitor children's needs and progress on an individual basis.
- The needs and progress of children who have special educational needs are monitored by our SENCo. The SENCo is **Claire Pullen** and **Emma Lavender**.
- Our key person system ensures that each adult is especially responsible for, and close to, a maximum of eight children, so each child receives plenty of adult time and attention.
- We work closely with the parents of all the children in the group to ensure that
 - The group draws upon the knowledge and expertise of parents in planning provision for the child.
 - The child's progress and achievements are shared and discussed with parents on a regular basis and an individual support plan implemented.
 - Parents know the identity of the Nursery's SENCo.
 - Parents are aware of the arrangements for the admission and integration of children with special educational needs.
- If it is felt that a child's needs cannot be met at Bear Hugs Nursery without additional personnel and/or equipment, funding will be sought to ensure that provision is appropriate to the child's needs.
- We work in liaison with relevant professionals and agencies outside the group to meet children's specific needs.
- Our staff attend whenever possible in-service and external training on special needs in an attempt to gain better understanding.
